Performance is an attitude

Audi Vorsprung durch Technik

RS 4

Performance is an attitude

As practical as it is fast, the Audi RS 4 Avant offers an intoxicating mix of performance, eye-catching design, and everyday useability.

Shaped by its distinctive Avant side profile, the RS 4 Avant offers ample boot space and easy adventure. Its exceptional quattro all-wheel drive and RS sports suspension make it nimble and well-suited to a large range of driving surfaces.

This addictive blend of performance and pragmatism not only makes the RS 4 Avant one of the best all-round performers money can buy, but its dynamic driving experience will also make any trip you take feel like the fastest possible route to your destination.

RS 4

Power, whenever and wherever you need it

Born out of the RS 4 Avant's legendary 2.9 litre V6 engine, this powerful performer is lighter, more efficient, and lower in emissions.

Meticulous re-engineering has raised its power output to 331 kW, allowing the RS 4 Avant to accelerate from zero to 100 km/h in a trifling 4.1 seconds.

This power flows to the quattro permanent all-wheel drive via a sporty eight-speed tiptronic gearbox, where the RS sports suspension can distribute it to the wheels with the best traction, allowing you to slice through even the most awkward of corners with crushing agility.

RS 4

Sitting has never been so moving

Equipped with the Audi RS virtual cockpit as standard, the Audi RS 4 Avant's interior continues its blend of sporty performance and practical excellence. Its Fine Nappa leather RS sports seats are easy to adjust to your best driving position, while its thundering Bang & Olufsen with 3D sound system and smartphone interface help the kilometres fly by regardless of your speed.

In addition to its spacious 505 litre boot and aluminium roof rack, the family-friendly RS 4 Avant is equipped with a vast array of safety features. Audi pre-sense, lane change assistant and a rear-view camera system bring added peace of mind to this blisteringly fast ride.

RS 4

Designed to be noticed

Few cars can offer the Audi RS 4 Avant's blend of muscular design, provocative speed, and family-friendly practicality.

From the front, an aggressive bumper, large air-inlets, and honeycomb grille underline the RS 4's sports DNA.

The sideview is dominated by a forward flowing, distinctly Avant bodyline and muscular wheel arches. At the rear, the twin outlets of the RS sport exhaust, and an understated roof-edge spoiler add exceptional finish and detailing to this powerful all-rounder.

RS 4

Exterior Elegance

The Audi RS 4 Avant surges ahead with the optional Competition Plus package reaching a breath-taking top speed of 290 km/h, leaving a trail of awe in its wake. The Competition Plus package offers cutting-edge technology as it takes shape in the quattro with sports differential and dynamic steering. In addition to a flawless aesthetic with the iconic Black styling plus, the Audi RS 4 Avant features boundless functionality, including RS coil-over suspension with the sports line anti-roll bar, Matrix-LED headlights and RS sports exhaust plus.

Inventive Interior

Classics are considered as such for their continuous success. The RS sports seat with the Dinamica and honeycomb stitching interior with the Competition Plus package. Along with the side trims in piano black gloss and the RS completion entry interior illumination, every drive is taken to the next level.

RS 4

Intelligent via myAudi upgrade for your car

The Audi RS 4 Avant are even smarter than their predecessors with the Audi connect* suite as part of the standard equipment. This innovative technology connects you and your Audi in real-time. By linking your car and your smartphone, Audi connect brings you the power of intelligent networking while you're on the move.

Advanced safety and security features like automatic accident emergency call are standard. You'll also have Remote Access which lets you manage your car from wherever you are. Enhanced navigation helps you discover the best route. Upgrade the infotainment package to explore your favourite music, social media, or news and weather services. Experience a safer, more comfortable, and efficient drive with Audi connect.
