Impossible to ignore

Introducing the Audi RS Q3
and RS Q3 Sportback

Performance is an attitude

Audi Vorsprung durch Technik

RS Q3

Performance is an attitude

Meet your new best friend – as eager as you are for the next journey to begin.

The Audi RS Q3 and RS Q3 Sportback are compact high-performance SUVs that make everyday driving supremely exhilarating.

The legendary 2.5-litre TFSI engine combined with iconic quattro all-wheel drive creates a tremendously fast, responsive car that delivers on power and style in equal measure.

It's packed with comfort and innovative technology like the MMI navigation plus that provides exact navigation instructions at the touch of your fingertips and a crisp Bang & Olufsen sound system for epic road-trips. The RS sports exhaust delivers the final word, providing a dynamic look and distinctive sound.

RS Q3

Trusted adventure partner

This versatile sprinter doesn't disappoint on the inside either. There's space for up to five people, and the rear seat can be adjusted in a variety of different ways – taking the luggage space from 530 litres to 1,400 litres in the RS Q3 Sportback, and an enormous 1,525 litres in the RS Q3.

In both models, the front is all about the driver: the Audi virtual cockpit's 10.25-inch fully digital instrument cluster provides you with high-resolution data that tells you everything you need to know at a glance. With safety systems that help with lane departure warning and a rear-view camera system, all you have to do is sit back in your Fine Nappa leather seats with honeycomb stitching and embrace the pleasure of driving this spirited SUV.

RS Q3

Unconventional charmer

Immediately recognisable RS-specific elements add to the already aggressive good looks of this playful adventurer.

The distinctive design shows off some of the impressive engineering, hinting at the high-octane performance under the hood. The combination of flared wheel arches and the 21-inch alloy wheels helps it cling to the road, even under tricky conditions.

From the rear, the RS sports exhausts and RS-specific roof edge spoiler make its intentions abundantly clear. Matrix LED headlights light up the way – ensuring the path is bright, no matter where the road may lead.
