A5 Sportback

Sporty and suitable for families.

The Audi A5 Sportback

Amazing design – fantastic to drive

Impressive sportiness is what sets apart the new design language of the sporty 5-door model. Wide air inlets and chrome trim make the front end sharper. Optional 20-inch cast aluminum wheels are emphasized by pronounced wheel arches. The horizontal trim in matte aluminum silver on the diffuser and trapezoidal tailpipes put the width of the rear on display. Customizations with the advanced and S line design packages are available.

The Audi A5 Sportback

The best driving style? **Variety**

The dynamic steering of the Audi A5 Sportback adjusts the steering ratio and steering force to the vehicle's speed. For a driving sensation tailored to your preferences, you can adjust the driving style with Audi drive select. For certain TFSI engines the quattro drive is also available with ultra technology, which distributes the drive force as the situation dictates.

Compromises? Unnecessary

Thanks to the larger interior, the Audi A5 Sportback offers more than a wonderful sense of space for luggage, leisure, and family. This is emphasized by the horizontally styled elements in the interior, the restyled center console, the glass-look door trim in high-quality materials. Additional custom options are available with the S line design package.
